

**There's so much to do before the big day.
Let us help guide you on ways to keep your
newborn healthy from the start.**

Visit VaccinateYourFamily.org to learn...

How getting flu and whooping cough (Tdap) vaccinations while pregnant protect you and your newborn baby.

Why it's important to follow the CDC's recommended schedule.

Which vaccines your baby needs and when each is due.

Why your baby needs the Hepatitis B vaccine
before leaving the hospital.

How vaccines in the U.S. are continually monitored for safety.

What to do if you can't afford to pay for vaccines.

Where to find credible resources on vaccines.

And much, much more...

The Next Generation of Every Child By Two
