

YOUR FRIENDS AT THE ZOO  
SAY...

IMMUNIZE BY TWO!

Ellie the Elephant says...  
VACCINES KEEP YOU WELL

Tommy the Turtle has  
more to tell...

...Leonard the Lion  
knows they are  
truly a breeze!

///.

Sally the Snake knows vaccines  
keep you feeling better...

...so just visit your Doctor  
or Local Health Center!

Join in the chorus with  
all your friends at the ZOO...

IMMUNIZATIONS BY AGE  
TWO ARE IMPORTANT TO YOU!

An immunization registry keeps shot records secure,  
Whenever you need them they'll be there for sure,  
So make sure your doctor or nurse does their part,  
By storing your child's records in both the registry and chart.

# A Message for Moms, Dads, and Grandparents too...

Children also need a medical home...  
to help them stay healthy while they grow.

Regular visits to a doctor or nurse  
can help with what ails them and  
help mend their hurts.

You deserve a round of applause  
and all the credit goes to you...  
for making sure your babies and toddlers  
get all their vaccines by age TWO!

**Children Need Vaccinations  
at the Following Ages:**

- ☐ Birth
- ☐ 2 Months
- ☐ 4 Months
- ☐ 6 Months
- ☐ 12 - 23 Months
- ☐ 4 - 6 Years
- ☐ 11 - 12 Years

Additionally, a yearly flu vaccine is recommended for everyone 6 months and older.

To best protect your child from dangerous diseases, it is important to follow the CDC's recommended schedule and get all of the vaccine doses on time.

**View the schedules at:**

**[Vaccinateyourfamily.org/babies-children](http://Vaccinateyourfamily.org/babies-children)**

**[Vaccinateyourfamily.org/preteens-teens](http://Vaccinateyourfamily.org/preteens-teens)**

The following chart lists the names of the vaccines recommended for your child and the diseases that they prevent.
